

WEBMAIL ACCESS

To access your email when you are off-site or if you share a computer at the office, open Internet Explorer and go to....

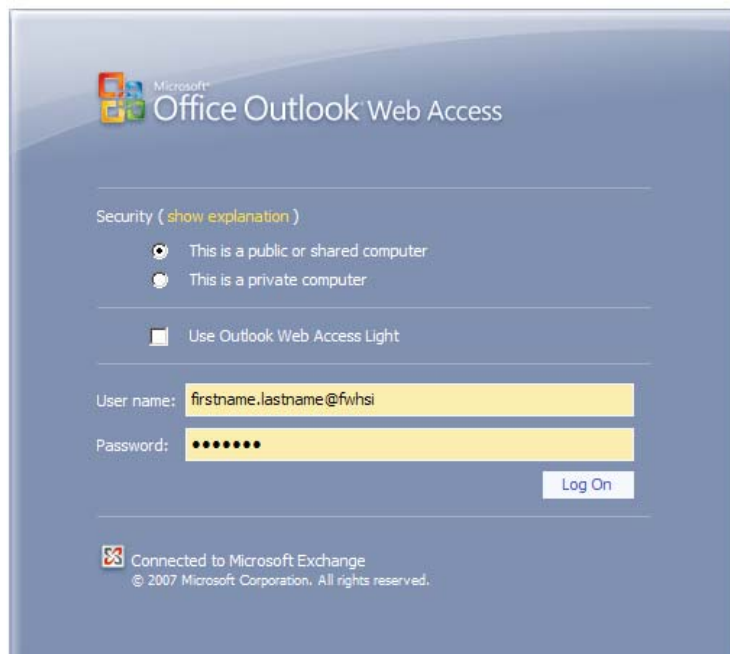

<https://webmail.fwhs.org/owa>

Please note the lack of "www". You cannot include the www in this address.

You will see one or the other of the 2 following login boxes. This is determined by the operating system of the machine you are using. Fill the boxes in as shown below. We do not recommend checking the box to save/remember the password.

Windows 98
Windows 2000
Login screen

Windows XP
Login Screen

You may be prompted about a security certificate....go ahead and accept it. Click the Logoff button when you are finished.

Click [here](#) to access your FWHS webmail.
