Housing Authority Wins National Merit Award for Good Tenant-Good Neighbor.

Washington, D.C. (July 14, 2016) - The Fort Worth Housing Solutions has been chosen as a recipient of the National Association of Housing and Redevelopment Officials (NAHRO) Awards of Merit: Resident and Client Services for Good Tenant-Good Neighbor. The official presentation of the award will take place in Portland, Ore. on July 15 during NAHRO's Summer Conference.

"The NAHRO Awards of Merit Program was created to give national recognition to NAHRO Member organizations that have found innovative ways of making a difference in the communities and the lives of the people they serve" said, NAHRO President Steve Merritt.

Because of the current high occupancy of available units in the Fort Worth area and the need to make clients more appealing to landlords, the Fort Worth Housing Solutions became more dynamic in its approach in making sure that tenants are increasingly responsible and respectful of their surroundings. All agency voucher program clients are now required to participate in a class to acquire and maintain their Housing Choice Voucher certification. This Good Tenant-Good Neighbor class is designed to teach basic skills in housekeeping, timely payment of rent, and other common issues that are associated with renters thus aiding with landlord recruitment and retention.

"This program celebrates achievement and honors the work that our members do each and every day to ensure a safe and affordable place to call home. Showcasing the efforts of housing agencies and agency officials through NAHRO's Awards of Merit" said, NAHRO Acting CEO John Bohm.

"We hope that the general public, community leaders, private industry and government itself will become inspired to reform and enhance existing housing and community development programs and in addition create new ground-breaking programs and services to meet the housing needs our nation's most vulnerable citizens."

The 2016 NAHRO Awards of Merit recognize outstanding achievement in housing and community development programs in five categories. *Administrative Innovation* recognizes innovative methods in areas such as maintenance, community relations, and interagency cooperation. *Program Innovation — Affordable Housing* includes special programs for homeownership, public/private partnerships, and innovative financing. *Program Innovation — Community Revitalization* includes innovative use of programs in areas such as economic development, neighborhood preservation, and creative financing. *Program Innovation — Resident and Client Services* includes innovative use of programs such as special activities for children, families, and the elderly, anti-drug programs, social services, and self-sufficiency. *Project Design* includes efforts such as new housing design, housing modernization, enduring design, and landscape design.
