**QUESTION 1:**

The space between the existing mailboxes and the sidewalk, where the mailboxes are to be extended, the scope doesn't explain what to do about the grass. Should that grassy area be covered in concrete? If not, please let us know how it should be handled.

**FWHS RESPONSE 1:**

There will be nothing done to this area. The area between the slab and the sidewalk is only 8". Please refer to Addendum 2, Attachment 1, Section 6 on sheet A8.00, for framing and finish materials.
