If you pay for the utilities, you will receive a utility allowance which will reduce the amount of your portion of the rent listed above.

Meanwhile, if you decide to move in before this information is available; your portion of the rent will be as stated above until FWHS informs you otherwise.

It is illegal to pay more rent than the amount FWHS calculated for you to pay. You may lose your housing assistance for paying an EXTRA RENT AMOUNT TO THE LANDLORD. If the landlord requests additional rent from you, you must obtain a written approval from FWHS before making such payment.

My signature below indicates that this information was explained to me and I will abide by this instruction.
