

# **OPEN RECRUITMENT**

## ***Job Announcement***

**Position Title: Financial Analyst**

**Department: Development & Asset Management**

### **SUMMARY:**

Under the direction of the VP of Development, the Financial Analyst is responsible for supporting the Agency's financial goals and objectives as it relates to Development and Asset Management department (DAM), and will serve as a resource to drive the Agency's strategic initiatives.

### **ESSENTIAL DUTIES AND RESPONSIBILITIES:**

*To perform this job successfully, an individual must be able to perform each essential duty satisfactorily. The requirements listed below are representative of the knowledge, skill, and /or ability required. Other duties may be assigned. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.*

**This position is accountable for the physical, financial, and compliance conditions of the FWHS properties assigned to them, in collaboration with property management teams and internal business partners.**

- Evaluate current real estate portfolio, and create financial models in cooperation with DAM team to evaluate and outline financial risks, funding structures and solutions for agency's affordable housing projects, and make recommendations to department leadership based on reporting variances, trends and risks.
- Create financial models, analysis and reports to evaluate existing property performance, including review of occupancy, cash flow, and financial summaries and reports from property management partners, and identify opportunities for improved performance to minimize risk and maximize total portfolio return.
- Assist with due diligence of potential acquisitions and developments, including gathering of financial documents, preparation and review of budgets, models, and proformas, and partnering with consultants and third party partners.
- Manage the preparation, analysis, and review of annual budgets for property portfolio, including detailed support and analysis of revenue, balance sheet and cash flow forecasts. Partner with property management staff to prepare, review and approve property budgets. Develop reporting presentation to summarize budget information for delivery to internal and external partners and executive leadership.
- Prepare and deliver monthly, quarterly and annual financial reporting regarding the property portfolio.
- Develop and maintain metrics and data systems regarding property financial terms to improve the quality and efficiencies and ensuring adherence to Agency policies and procedures.
- Partner with DAM and Accounting department staff to ensure that all financial terms are accurately logged in an appropriate database, and timely communicated between departments to ensure GAAP compliance.

### **Job Competencies:**

- Must possess solid financial reporting and analytical skills, knowledge of affordable real estate and housing finance, including financing instruments, analysis, and regulatory requirements and highly proficient in database modeling (SQL and/or Excel).
- Ability to communicate professionally, clearly and concisely, to internal and external partners, both orally and in writing. Ability to present information to groups of people.

### **EDUCATION AND/OR EXPERIENCE:**

Bachelor's degree from an accredited university in Accounting or Finance and at least three years of experience and progressive responsibility in financial analysis and/or planning is required including experience in financial modeling; at least two years of experience in multifamily real estate desired. Candidate must possess a valid Driver's License.
